

## Testimonials

### Customers

A representative list of Gainsborough's past and present customers is available on request.

It is always nice to be appreciated by ones customers and helps to raise the profile of the company throughout the world. Below is an endorsement received from:

Richard Curtis

Head of Marketing

Cunard Line

In December 2007 Cunard Line's latest Cunarder, Queen Victoria took her place alongside QE2 and Queen Mary 2 so that for the first time in Cunard's 169 year history there are 3 Cunard Queens sailing under the Cunard flag at the same time.

'The Most Famous Ocean Liners in the World' are especially famous for the outstanding dining experience they offer, especially in their world renowned Princess Grill and Queens Grill restaurants. BDG Manufacturing Limited have supplied Cunard Line with Gainsborough Silverware for many years and the quality and elegance of their silverware is totally in keeping with the elegance of the fine surroundings. Such fine silverware ensures an incomparable experience!
